

Katrina Engelsted

CUSTOMER SUCCESS MANAGER CANDIDATE • UP42

Boulder, CO, USA • katrina@engelsted.co • 774.239.8699 • linkedin.com/in/katrinae

SELECTED OUTCOMES

Built the playbook

Customer-delivery & success playbook, Lytics

10s of millions

of records unified for an enterprise account, Lytics

3 years

geospatial-risk modeling on drone imagery, Teren

SKILLS

Geospatial & Remote Sensing

ArcGIS

QGIS

Mapbox

Carto

Remote sensing

Drone imagery

Spatial statistics

Customer Success

Onboarding & training

Account ownership

Health checks

CS playbooks

Renewal support

APIs & Automation

API-connected workflows

AI coding tools

Claude Code

Python

SQL

Communication

Technical translation

Documentation

Cross-functional partnership

EDUCATION

BA, Geography (GIS), Honors

Colgate University 2011

Honors thesis: spatial-statistics study using kriging, IDW, and local Moran's I.

MBA

Quantic School of Business and Technology 2021

Data Science / ML Certificate

Springboard 2024

SUMMARY

Geographer and customer-facing technical consultant with a background built for Earth observation customer success: a BA in Geography (GIS), Honors, hands-on QGIS/ArcGIS/Mapbox/Carto experience, three years mapping wildfire and endangered-species risk at the National Park Service, and three years building geospatial-risk models from drone imagery at Teren. On the customer side, I owned an enterprise technical engagement end-to-end and helped build the customer-delivery playbook at Lytics, and trained and onboarded customers at Homebot. I'm currently prototyping AI-coding-tool automations — agentic workflows, API calls, data transformations — as a startup advisor, directly in line with where customer success work is headed.

PROFESSIONAL EXPERIENCE

- Founding Technical Advisor — Upstream AI** 2026 – Present
 - Prototype **automations using AI coding tools** — Claude Code sub-agents, RAG pipelines, API-connected workflows, data transformations — for a small startup's non-technical end users
- Sr. Technical Consultant — Lytics** 2022 – 2023
 - Owned an **enterprise customer engagement (Whirlpool)** end-to-end — from kickoff through delivery, tens of millions of records translated into a usable identity model
 - Helped build the **customer-delivery playbook** the team used on future engagements
- Marketing Automation Manager — Zayo Group** 2022
 - Owned the Salesforce CRM stack end-to-end; built lead-scoring and reporting that lifted conversion 15%
- Head of Marketing Technology — Teren (formerly Solspec)** 2018 – 2021
 - Worked inside a **geospatial-risk company** building ML layers from drone imagery to assess infrastructure for surface hydrology, encroachment, and noxious-weed risk
 - Partnered cross-functionally across engineering, product, and sales in support of institutional customers
- Solutions Engineering Manager — Homebot** 2015 – 2018
 - Trained and onboarded beta customer cohorts; translated technical findings for a non-technical audience
- Frontend Developer, Digital Maps Team — National Park Service** 2012 – 2015
 - Built **wildfire-perimeter and endangered-species mapping** tools on ArcGIS, Mapbox, and Carto for non-GIS park staff
 - Cartography work became NPS Park Tiles, the official basemap for park websites
- Mapping Intern — Humanitarian OpenStreetMap Team** College era
 - Mapped in **QGIS** for disaster-response and humanitarian relief efforts

ADDITIONAL EXPERIENCE

Business Analyst, Sunlight Ski & Bike (2025) — customer/product data and reporting for a small retail business.
